About me Laura aka. Autumn's Mummy

I'm a 25-year-old first time mum from Kent in the South East of England with a very eclectic range of interests. I have had a passion for writing from a very young age, growing up writing strange stories with titles such as "The Magic Green Tiger" and "Umbrella in Mashed Potato". I've been blogging on and off since 2005 and have been told I'm great at networking on Twitter!

I am currently on maternity leave from my job in IT, working as a Software Quality Assurance Specialist. Outside of work and blogging, I am married to my partner of 9 years, Dave and am half way to a degree in Social Sciences!

About Autumn's Mummy

Autumn's Mummy was created in January 2017 when I felt like I'd like to write about my experiences of motherhood and the traumatic experiences I'd gone through early on in my journey, as well as writing about my other interests too. Although it is young, it's growing fast!

Topics covered include parenting, beauty, cars, technology and fashion.
